

CHICAGO RIVET & MACHINE CO.

MODEL 99

For use where exceptionally long tubular rivets are required. Designed with card tables, lawn furniture and folding cots in mind.

FEATURES

Increased Production and Greater Versatility

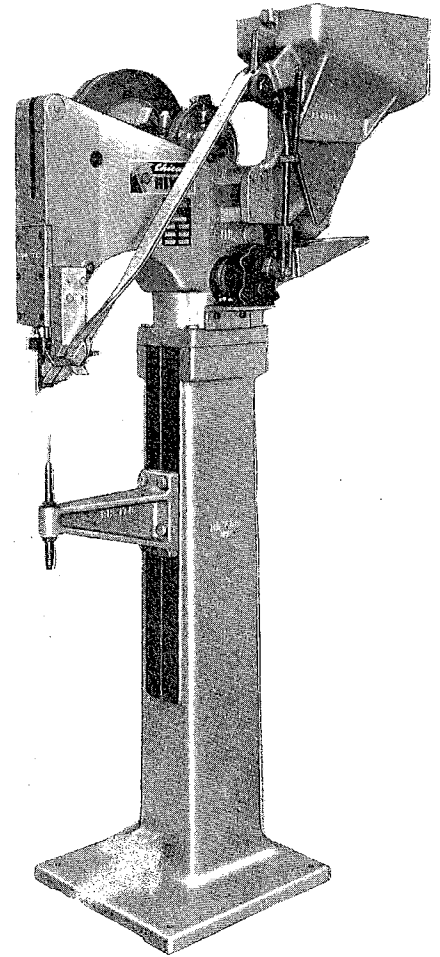

- Fast machine cycle with solenoid-operated, roller type clutch.
- Precision machined pads on column to locate the horns at various heights.
- Adaptable to a wide variety of horns and anvil holders.

Reduced Down-Time

- Hardened steel toggle bearings.
- Bronze bushing on flywheel.
- Enclosed belt and top lever guards.
- Easy accessibility of all parts for service.
- Practical parts numbering system for quick, correct replacements.
- Design and construction assure life-long service.

Optional Features

- Aligning, resting and clamping fixtures.
- Safety guards to job specifications.
- Dual palm-buttons and safety probes.
- Production counters.
- Needle bearing flywheel.
- Compensating spring.
- Choice of paint color.
